About Adani Care Foundation

We strive to apply the book of Mark, when Jesus, looking at us, loves us and says, 'You lack one thing; go, sell what you own, and give the money to the poor, and you will have treasure in heaven; then come, follow me. '

What Adani Care Does

Our Mission and Vision

The mission of Adani Care Foundation is (a) to create public awareness of the abject poverty that ravages the rural communities of Nigeria, and (b) to help reduce the impact of that poverty by helping to lift members of the community above the poverty line.

How do we create awareness of the existence of the abject poverty in the rural community?

Through digital advocacy, our website, word of mouth, social programs, and in-person village gatherings that connect the hearts of the community.
