Dear Members of the IAAQLI Grants Committee,

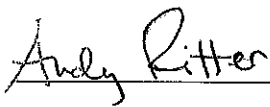

It is with great enthusiasm that I write in full support of the Adani Care Foundation's proposal for the Saint Lawrence-Adani Care Literacy Program, submitted under Strategy 2: Comprehensive Literacy Development for All Ages.

As the Business Manager of Saint Lawrence Catholic Church and School, I have witnessed firsthand the transformative impact that literacy, digital fluency, and family engagement have on the lives of our students and their families. Our school, located in northeast Indianapolis, serves a richly diverse population, including many African American and immigrant families who face persistent educational and economic barriers.

Through this partnership with the Adani Care Foundation, we will be able to expand and deepen our offerings for both children and adults. Saint Lawrence Catholic School is proud to commit our facilities, our instructional team, and our deep community relationships to this initiative. We believe that the Literacy Program aligns perfectly with the goals of IAAQLI and the Indiana Urban League, and we are confident in the Adani Care Foundation's ability to support delivering the program with excellence, accountability, and cultural awareness.

We urge you to support this proposal, which we believe will not only transform individual lives but also strengthen the fabric of our entire community in Lawrence Township.

With gratitude and hope,
